Education

LBS Institute of Technology for Women

Sep. 2021 – July 2025

Bachelor of Technology in Computer Science, CGPA: 9.3

Experience

Neuflo

Nov 2023 - April 2024

Flutter Developer Intern

- Developed and maintained a cross-platform mobile app for student exam preparation.
- Focused on app analytics, utilizing Firebase for real-time data and local storage for offline use.
- Integrated RESTful APIs for seamless frontend-backend communication.
- Contributed to an internal app for employee leave management.
- Collaborated with cross-functional teams to ensure app performance and user experience.

Mulearn

July 2023 - Jan 2024

PR Intern

- Managed Discord server with 60,000+ Mulearn members, resolving technical and non-technical issues.
- Verified task completions, maintaining accurate records of member activities.
- Tested and provided feedback on Discord bots to enhance user experience.

Projects

Notefic Social Media App | *Flutter, Firebase*

- Developed a social media app where users can post messages/notes for everyone to view.
- Implemented features including user authentication, likes page to see liked messages, and a users page to see other users of the app.
- Utilized Firebase for backend services such as real-time database and user authentication.

Bookmark Reminder Extension | *HTML, CSS, JavaScript*

- Created a Chrome extension that enables users to set reminders while bookmarking a website.
- Implemented notifications to alert users at the specified time for their bookmarked websites.
- Deployed the extension and made it available on the Chrome Web Store. [Link to Extension](#)

DSA Tracker | *React, Node.js, Express, MongoDB*

- Developed a web application to track DSA questions users have completed.
- Implemented features such as adding questions, filtering, searching, and viewing statistics.
- Integrated heatmaps and streaks to visualize user progress and engagement.

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, SQL, Dart

Tools: VS Code, Git, PyCharm, Figma, Postman

Technologies/Frameworks: Flutter, Firebase, MongoDB, MySQL, PostgreSQL, SQLite, Node.js, Express.js, React, RESTful APIs

Leadership / Extracurricular

GDSC

July 2023 – Present

Lead

LBS Institute of Technology for Women

- Led Google Developer Student Club (GDSC) as the Lead, organizing tech workshops, seminars, and events for students.

IEEE PIE

Jan 2023 - Jan 2024

Travancore Hub Student Representative

Kerala Section

Hackathons

First Prize in Flutter Stack at Make-A-Thon 2023

Tinkerhub LBSITW

2023

Top Participant at Tink-Her-Hack 2.0

TinkerHub

2024
